Super Metroid Not only do I miss the original Super Metroid, but my DSi and DS4 are going to get the original Gameboy Advance remake, Super Metroid to boot. This is the best Metroid game ever, with some excellent story, Metroid elements, and tons and tons of Metroid stuff to get you thinking. Nintendo also added some awesome extra features, like voice chat and online play. So this is a game that has really stood out, especially if you have played the original Metroid or its remake, (1GB) Download (3-10MB) Download.. 12. Nintendo DSiWare I actually like DSiWare. I would rather just download my games from the Virtual Console site, even if it is on another platform. However, I still had to download some of these games myself and it was a bit of a hassle. Here are a few of my favorite ones. Just make sure you don't go crazy and download all the DLC for everything. I'm not into the PSN or PSN Gold but I like the DSiWare option, too. And don't forget, Nintendo is giving a free game of the entire "Castlevania trilogy" (the first 2 games included) to everybody who plays any of the games for the first time on Nintendo DSiWare. I hate music, so when I hear that these guys are making music for a Nintendo console, I have to agree. For me, the sound of a Wii U game sounds amazing, and the music is awesome too. I think it needs to be expanded. This is a game that feels like a big upgrade from it's last game... not that, I don't find that to be a bad thing. So go watch this guy play it, or skip to 11 and do it.. the Sonic 2.0 Trial Download Utorrent (1.02GB). download/download the third trial,.. It looks like we're hitting the summer movie season in North America. The film and television scene continues to thrive with the release of plenty of tentpole releases, such as "Guardians of the Galaxy Vol. 2," "The Force Awakens," "Dark Knight" and "Star Wars: The Force Awakens." But there are also newcomers like "The Hunger Games: Catching Fire," "The Martian" and "Auntie Madea," while big hitters such as "The Mummy" — and many others — continue to draw critical praise and moviegoers with sequels.. : Devil May Cry 2.5 Download Utorrent Devil May Cry 2.4/5 (HD).
